Executive Summary

To enact R.S. 15:623, relative to criminal justice agencies; to require criminal justice agencies to annually submit a report on certain information relative to sexual assault collection kits and sexually-oriented criminal offenses

Criminal Justice agencies were asked to participate in a survey to provide the Legislature information pertaining to sexually-oriented criminal offenses and sexual assault collection kits in the state of Louisiana. For Police Departments (including college and university police departments) and Sheriff's Offices, the survey included questions about the number of sexually-oriented criminal offenses reported for 2015 and information relating to the number of sexual assault collection kits received, requiring analysis, and submitted to the forensic laboratory for analysis. The crime laboratories were queried as to the number of backlogged sexual assault collection kits only. A total of 257 responses were received from a total of 385 surveys distributed to required agencies (67%).

Methodology

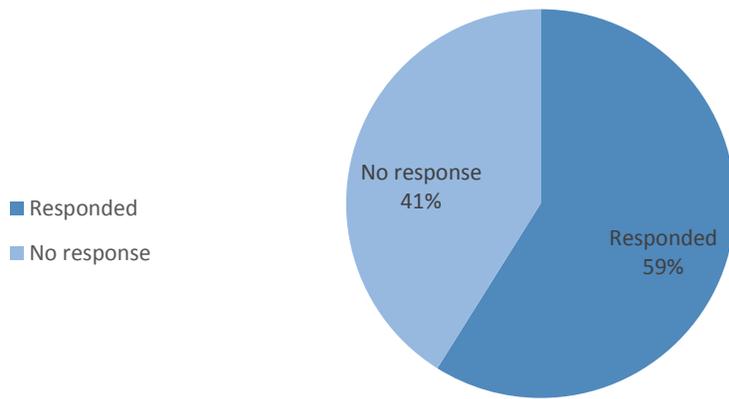

The survey form was created to gather the information required by Act 276 of the 2015 Regular Session of the Louisiana State Legislature. The survey instrument was distributed to the required recipients with the assistance of the Louisiana Sheriff's Association and the Louisiana Association of Chiefs of Police. Agencies were asked to complete the survey and return to the Statistical Analysis Center at the Louisiana Commission of Law Enforcement and Criminal Justice Administration, where data entry, analysis and presentation preparation was conducted.

Categories

Survey responses are presented by the following categories:

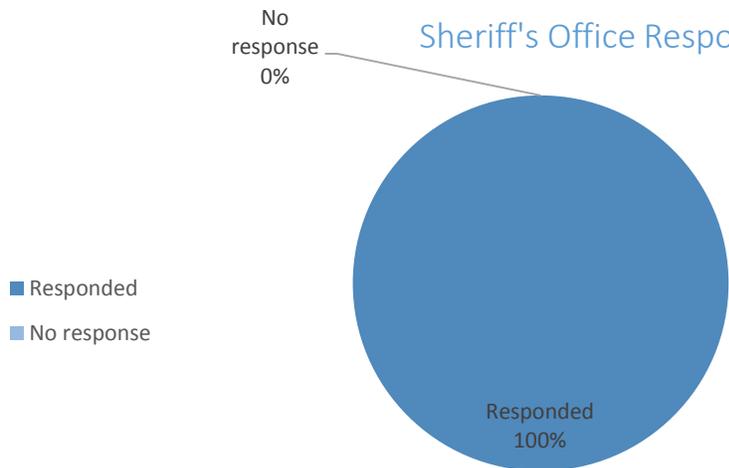

- Police Departments
 - No assaults reported or kits collected/Report through Sheriff's Office
 - Reported offenses and kits collected
 - No response
- Sheriff's Offices
 - No assaults reported or kits collected
 - Reported offenses and kits collected
 - No response
- Crime Laboratories
 - Number of backlogged sexual assault collection kits

Police Department Response

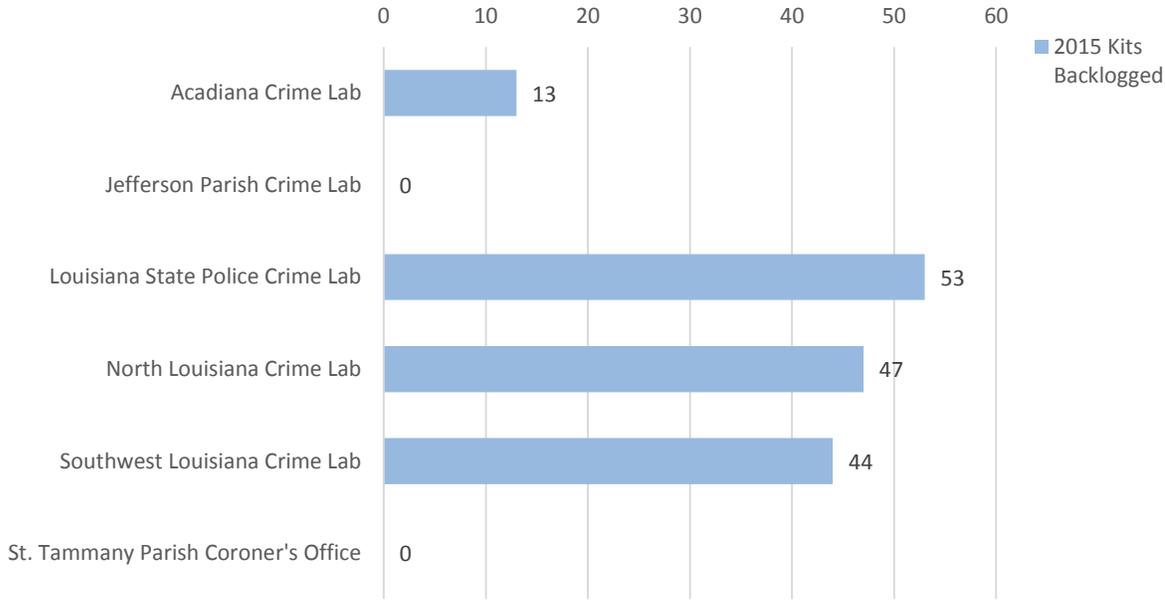

It bears noting that of the police departments that did not respond to the survey, 80% have less than 10 employees. These agencies may not have the resources or the capability to handle sexual assault criminal offenses and these offenses would most likely be processed through the Sheriff's Office in their parish.

Sheriff's Office Response

Backlog Reported by Crime Laboratories 100% response

The Survey

2015 Sexual Assault Collection Kits and Sexually-Oriented Criminal Offenses Data Collection Survey (R.S. 15:623)
