

Rep. Jane Smith

House District 8

August 2006

Representative Jane Smith speaks to Physical Education Teachers

State Representative Jane Smith spoke to Bossier Parish physical education teachers on August 7 about the importance of getting students involved in physical activity that will go with them for life. Rep. Smith emphasized the importance of the teacher being physically fit, as well. Students need to see their teachers and coaches providing the proper example and embracing and practicing activities that keep them fit for a lifetime.
